2- year-olds: 12 child max
w/ 1 teacher and 2 assistants

3-4, 5-7, 8-10: 20 child max
w/ 1 teacher and 2 assistants

CAMP DESCRIPTIONS:

2-YEAR-OLD CAMPS:

Week One (June 30-July 2): Planes, Trains, and Automobiles

Cars, planes, trains and more will “transport” your child in fun games, songs, and crafts.

Week Two (July 8-10): Under the Sea

Splash into the ocean and learn about cool sea creatures like starfish, jellyfish, whales, and more.

Week Three (July 15-17): Super Seahawks

Calling all Seahawks fans! Join the Encompass 12’s in a week filled with Seahawk fun, including crafts, games, and surprises. Go Hawks!

Week Four (July 22-24): Twinkle Twinkle Little Stars

Discover what’s beyond the moon, soar through the solar system, and blast through an asteroid belt. Join our spaceship adventure as we journey on a trip that’s out of this world!

Week Five (July 29-31): Barnyard Fun

Explore a variety of farm animals and equipment along with digging in the dirt as we head “down to the farm!”

Week Six (August 5-7): Enchanted Times

Leave the 21st century behind and explore the magical land of knights, castles, princesses, and dragons.

Week Seven (August 12-14): Messy Monets

Become great artists while you create your own masterpieces using many different mediums.

Week Eight (August 19-21): Sprinkle, Splash, and Spray

Running through sprinklers, bubbles, wading pools, and sandcastles! What better way to celebrate the final days of summer camp?

3-4 YEAR OLD CAMPS:

Week One (June 29-July 2):

AM Program: 3-2-1 Blast Off

Ever wonder what's beyond the moon or how astronauts eat ice cream in space? Join our spaceship adventure as we blast off on a trip that's out of this world! Soar through the solar system, blast through an asteroid belt, create Saturn's colorful rings. It's a week-long space adventure!

PM Program: Backyard Games

You'll have fun in the sun learning some new games and playing many of our old favorites! Come ready for some competitive backyard fun.

Week Two (July 6-10):

AM Program: Digging for Dinosaurs

From Apatosaurus to Zwphyrosaurus, learn fascinating facts about your favorite dinos. Uncover fossils in our classroom dig site, discover why the earth shakes, rattles, and rolls, then build your own volcano and watch it erupt! Dinos, dirt, and digging-every day is a new adventure.

PM Program: Amazing Artists

Learn about great artists and show off your creativity while producing unique and original works of art using many different mediums.

Week Three (July 13-17):

AM Program: Super Seahawks

Calling all Seahawk fans! Join the Encompass 12's in a week filled with Seahawk fun, including crafts, games, and surprises! Go Hawks!

PM Program: Happily Ever After

Each day we'll explore a new story: The Three Little Pigs, Goldilocks and the Three Bears, Jack and the Beanstalk, and more! We'll recreate the magic of these classic fairy tales through games, art, and cooking.

3-4 YEAR OLD CAMPS (CONTINUED):

Week Four (July 20-24):

AM Program: Mud Muck and Goo

Find out what makes the ground squishy and slugs so slimy. Make your own slippery slime, stomp through the mud, and just get messy!

PM Program: Roads and Rails

All aboard the Encompass Express! Rumble, roll, chug, and move! Campers will spend each day playing, discovering, and learning about all things transportation. We'll explore the world of trains, trucks, cars, and more through fun crafts and games.

Week Five (July 27-31):

AM Program: Firefighter Academy

Enjoy a week with your favorite heroes: firefighters, police officers, paramedics, Smokey the Bear, and more. This will include interactive visits and fun projects to enhance our learning about all of these important jobs.

PM Program: Birds, Bugs, and Bunnies

Find out fascinating facts about animals of our area. Did you know that owls use radar to catch prey or that a bunny's ears are for more than just listening? Investigate why some feathered friends have peculiar beaks and oddly-shaped feet. Join us for a week of discovery into how hidden habitats and awesome oddities help creatures survive.

Week Six (August 3-7):

AM Program: Dr. Seuss

Star-Bellied Sneetches, Sam I Am's, and Cats in Hats needed to celebrate our favorite Dr. Seuss stories through crafts, cooking, and play. Green eggs and ham, anyone?

PM Program: I Love a Parade

Create the official Encompass-themed float to take part in the exciting Festival at Mount Si and Snoqualmie Railroad Days parades. Costumes and noisemakers provided. Free Encompass t-shirts to parade participants!

3-4 YEAR OLD CAMPS (CONTINUED):

Week Seven (August 10-14):

AM Program: Color Crazy

This week we will focus on color! We will learn how to create and mix colors and how to use them to express our moods and create certain feelings. We will experiment with various media, including tempera paint, pastels, markers, colored pencils, watercolors, and more. We will use famous artists for inspiration for our colorful styles and designs.

PM Program: Cooking with Disney

Swing through the jungle and eat monkey bread with “Tarzan” and experience a true “Bugs Life” with an edible bug meal. Each day features a different Disney movie with food and craft projects based on the film.

Week Eight (August 17-21):

AM Program: LEGO Builders

What to build? The sky’s the limit! While learning about the importance of a strong foundation and creative structure, we’ll design and build our own sensational cities. Serious builders must attend!

PM Program: Wild about Water

Dive into the wettest week of summer! Create a catapult, predict trajectory and adjust your measurements as you launch water balloons. Explore buoyancy and displacement before building and floating your own boat. Experiment with water pressure and hydraulics with sprinklers and slippery slides; investigate water in all its forms. Come ready to get wet!

5-7 YEAR OLD CAMPS:

Week One (June 29-July 2):

AM Program: Magic School Bus

All aboard the “Magic School Bus” with Ms. Frizzle and friends to explore the solar system, bugs, the human body, the weather, and more! Dive into a variety of stories, activities, and adventures that will test your imagination and tap into your creative side.

PM Program: LEGO Builders

What to build? The sky’s the limit! While learning about the importance of a strong foundation and creative structure, we’ll design and build our own sensational cities. Serious builders must attend!

5-7 YEAR OLD CAMPS (CONTINUED):

Week Two (July 6-10):

AM Program: Masters of Disaster

Secure the hatches and hold on tight or this camp will blow you away! Investigate powerful waves, spinning funnel clouds, and rumbling earthquakes. Observe the swirling air currents of a hurricane, create a tsunami, and model a volcanic eruption. Create your own disaster plan to save your neighborhood. You'll explore the awesome forces of nature like never before in this whirlwind adventure!

PM Program: Smartest Artists

Learn about great artists and show off your creativity while you produce unique and original works of art using a variety of different mediums.

Week Three (July 13-17):

AM Program: Super Seahawks

Calling all Seahawk fans! Join the Encompass 12's in a week filled with Seahawk fun, including crafts, games, and surprises! Go Hawks!

PM Program: Adventure Land

Great adventures await campers in this week filled with searching for buried treasure, conquering great obstacle courses, an adventure through the forest, and more!

Week Four (July 20-24):

AM Program: Superheroes

What makes Spiderman's web so strong? Can Batman "see" in the dark? Discover the science behind superheroes feats and find out which animals share the same superpowers. Use your favorite powers to create your own superhero identity complete with costumes and gadgets!

PM Program: Mad Science

Create magic potions, slimy goop, and fun reactions. Learn the secrets from the mad scientist's laboratory and become a scientific mixologist!

Week Five (July 27-31):

AM Program: Natural Creations

Take your artistic flair outside and discover new ways to use trees, flowers, and shrubs in works of art. Explore nature's light, liquids, textures, and shapes as you develop your artistic skills.

5-7 YEAR OLD CAMPS (CONTINUED):

Make natural dyes and paper. Bring your imagination and join us for an artistic week in nature.

PM Program: Golf

Each day we'll head down to the Mt. Si Golf Course for a 90-minute lesson from a PGA professional. Then back to Encompass for paper airplane golf, golf ball people, and more golf games!

Week Six (August 3-7):

AM Program: Dessert Wars

In Dessert Wars, we will be cooking all week long! On Monday, campers will divide into teams and plan their strategy and choose their recipes. The baking begins on Tuesday with the final judging on Friday where teams will present their desserts to a panel of "expert" judges in the quest for the Dessert Wars championship crown!

PM Program: I Love a Parade

Create the official Encompass-themed float to take part in the exciting Festival at Mount Si and Snoqualmie Railroad Days parades. Costumes and noisemakers provided. Free Encompass t-shirts to parade participants!

Week Seven (August 10-14):

AM Program: Fun with Flight

Future aeronautical engineers, designers, or pilots or those who just love planes-design and create your own paper airplane squadron. Friday's class will be a "fly off" to see your designs soar!

PM Program: Junior Veterinarians

It's all about animals from A-Z, inside and out in this camp. Discover amazing features of your favorite creatures as you examine X-rays and study skeletons. Get a look at animal medicine and see how a vet figures out what's ailing your pet.

Week Eight (August 17-21):

AM Program: Junkyard Art

Welcome to the artists' junkyard, filled with odd gadgets, science recyclables, art supplies, and tools to spark your imagination! Explore a variety of construction and found objects to transform recyclables, tossables, and art materials into amazing masterpieces!

5-7 YEAR OLD CAMPS (CONTINUED):

PM Program: Wild about Water

Dive into the wettest week of summer! Create a catapult, predict trajectory and adjust your measurements as you launch water balloons. Explore buoyancy and displacement before building and floating your own boat. Experiment with water pressure and hydraulics with sprinklers and slippery slides; investigate water in all its forms. Come ready to get wet!

TEACHER ASSISTANT PROGRAM:

Students from 11-13 years old can take part in our teacher assistant program. This is a great opportunity to gain leadership experience by working with younger students. T.A.'s pay a reduced tuition and receive a certificate for their volunteer hours. By applying, prospective assistances agree to:

- Assist their assigned teacher with enthusiasm and consistent effort
- Model respect for teachers and campers
- Be responsible for assisting the class to which they are assigned
- Remain at Encompass at all times during the assigned camp session

To apply, send the camp director, [Julie Forslin](#), one paragraph explaining

1. Why you would enjoy this opportunity
2. What experiences or skills qualify you, in your opinion, to be a teacher's assistant

Summer Camp is just one of the many programs and services offered by Encompass. Please visit our website at www.encompassnw.org for a full description of our nationally-accredited early childhood education program, our early intervention services, pediatric therapy, and parenting education programs.
